

↑ Nursery Team

We would like to introduce Caitlyn White, Vanessa Rose and Phillip Smith into our nursery team. Phillip and Vanessa have completed Cert II in Horticulture and have joined the Production Team. Vanessa has also taken on the role of our OHS Representative. Caitlyn has recently completed a Bachelor of Science in Conservation Biology and Management

**Directors**

Luke - luke@naturalarea.com.au  
 Davina - davina@naturalarea.com.au

**Nursery Manager**

Beverley Drayton-Witty BSc(Hons)  
 nursery@naturalarea.com.au

**Nursery Propagator**

Lauren Daubney BSc  
 nursery@naturalarea.com.au

**CONTRACT GROWING  
 FOR 2012 CLOSED**

(Closes September 1st)

Excess stock will be available—Enquires Welcome

← In November 2011 NAMS received an ADE (Australian Disability Enterprises) Regional Employer of the Year award for our continued support of Intework Employment Services. The Intework crew employed at NAMS assist in our used pot sterilisation procedures—thus providing both social and environmental benefits to the community.

**CLEARANCE STOCK!**

Botanical Name	Common Name (max. height)	Assorted	Qty Available	Special Price (ex GST)

<i>Banksia menziesii</i>	Firewood Banksia (7m)	100	\$0.70
<i>Banksia prionotes (large stock)</i>	Acorn Banksia (10m)	200	\$0.50
<i>Banksia prionotes (med. stock)</i>	Acorn Banksia (10m)	200	\$0.70

**Recent Germination Success**

Our species list is constantly expanding, some recent

successes include

- Anthocercis littorea,*
- Burchardia congesta*
- Baumea rubiginosa*
- Baumea vaginalis*
- Podotrochea gnaphalioides*
- Thysanotus patersonii*
- Thysanotus sparteus*

Other successful popular species include:

- Baumea juncea*
- Alyxia buxifolia*
- Baumea preissii*
- Sporobolus virginicus*
- Spinifex longifolius*
